

# Playmates portraits with Twin Cities Smile Photography

## Schedule

**Tuesday, October 11<sup>th</sup>** – morning and afternoon groups

**Wednesday, October 12<sup>th</sup>** – morning groups

## Parents

- We are looking forward to capturing portraits at Playmates. We put together a few tips to help ensure a productive session.
  - Please **do not** dress your child in green or yellow. We are planning to use a green screen and these colors will disappear.
  - Simple outfits are typically the best choice. A sweater, a dress, a neat t-shirt, or a clean soft fleece works well. Outfits that fit and compliment their eyes and hair are nice. Alternatively, superheroes, sports teams and characters will immortalize childhood passions.
  - Prepare you child by telling them how wonderful they are and how much you're looking forward to seeing their portraits. Let them know you trust them to work with the photographer to create a portrait they'd be proud to share.
- There is nothing to turn in on photo day.
- We will notify you electronically when portraits are online.
- We spend time with each child and take several portrait options for you to choose from. Retakes are not feasible.
